

## Description

The new active speaker system RCA-220C allows a very high-quality, especially low-priced 2-way PA. Set consists of 2 coaxial ceiling speaker and an amplifier module with a power range of $2 \times 20 \mathrm{~W}$. The used stereo amplifier is performed in Class-D technology.

The performance amplifying made directly at the speaker. This guarantees in all frequency ranges high dynamics and reproduction quality and fidelity without distortion.

The optionally available mixer UPM-121A completes the set. With this mixer all signals can be fed, for example, or laptops, CD / MP3 players mobile phones.

| Technical data | RCA-220 |
| :--- | :--- |
| Output power at 24 V | $2 \times 20 / 10 \mathrm{~W}$ |
| Frequency range -3 dB | $45-20.000 \mathrm{~Hz}$ |
| Audio inputs | unbalanced |
| Protection circuits | thermal, short circuit, reverse polarity |
| Rotary switch (4 gain stages) | $20 \mathrm{~dB}, 26 \mathrm{~dB}, 32 \mathrm{~dB}, 36 \mathrm{~dB}$ |
| Input level | $0 \mathrm{~dB},-6 \mathrm{~dB},-12 \mathrm{~dB},-16 \mathrm{~dB}$ |
| Operating voltage | $10-28 \mathrm{~V}$ |
| Current consumption at $24 \mathrm{~V} / \mathrm{max}$. | $45 \mathrm{~mA} / 2 \mathrm{~A}$ |
| Connections | screw terminals up to $2,5 \mathrm{~mm}{ }^{2}$ |
| Speaker $\varnothing$ and Impedance | $165 / 8$ ohms, 2-way coaxial chassis |
| Dimensions / installation depth | $\varnothing 226 \mathrm{~mm}, 100 \mathrm{~mm}$ |
| Hole cutout | $\varnothing 200 \mathrm{~mm}$ |

Please consider the following features:

- Cost effective solution, ideal for schools and presentation rooms.
- Loudspeaker cabinets in all RAL colors available on request.
- Easy installation and installation costs.

## Model designations

Active-Speaker-Set, 2x 20/10W
RCA-220 C
2 Ceiling speakers with integrated amplifier module
Accessories:

## 3-Channel Flush-Mounting Mixer. UPM-121 A Power Supply, 24V .PSU-048/24
